

STUDENT EXCHANGE PROGRAMME APPLICATION

International Mobility Programme (Extra Erasmus)

1. Selection Criteria and Process

The number of students admitted to participate in the exchange program is limited. Each applicant will undergo a selection process aimed at assessing both their language proficiency (in the language of instruction at the host institution) and their overall academic and personal suitability.

The selection will be based on the following:

1. **Written test** in the language of instruction at the selected institution (students who already attend all courses in that language are exempt)
2. **Oral test** in the same language (exemptions apply to students who meet demonstrable language requirements or are already attending courses in that language)
3. **Motivational letter** written in the host institution's language
4. **Digital personal portfolio** (maximum size: 5 MB)

Additionally, the **grade point average** from previous academic years will be taken into account.

It is essential to have an adequate language level in order to successfully follow the academic activities at the selected foreign institution.

2. Program Structure

The international mobility program, which is not part of the Erasmus+ framework, allows selected students to spend a study period at one of the following partner institutions, with which Accademia del Lusso has established bilateral agreements:

- **AMD Akademie Mode & Design** (Germany)
- **ESMOD France – Fashion School Est. 1841** (France)

During their time abroad, students will attend classes as outlined in the host institution's curriculum and will take exams according to the methods specified by the host. Exams successfully passed will be recognized by Accademia del Lusso. The final thesis must be defended at the student's home campus.

Unjustified withdrawals from the program, unless supported by appropriate documentation, may result in the **annulment of the academic year**, requiring the student to repeat it.

3. Orientation and Support Services

The participating institutions are committed to providing the necessary support to facilitate the integration of international mobility students by offering:

- **A welcome and orientation program**
- **Academic support**

- **Assistance in finding accommodation** (all related costs are the responsibility of the student)
- **Support with documentation** required for a visa, if applicable

Costs to be covered by the student include:

- **Enrollment fee** at Accademia del Lusso (already included in the annual tuition)
- **Room and board**
- **Travel expenses**
- **Health insurance**
- **Educational materials**
- **Visa** (if required by the host country)
- **Extracurricular activities** (such as museum visits, exhibitions, workshops, etc.)

Expenses will vary depending on the selected destination. More detailed information will be provided once the mobility is confirmed.

4. Application Procedure

ANNEX A

To apply, please complete the form below and send it to academicoffice@accademiadellusso.com no later than **Monday, 12 May 2025, at 1:00 PM.**

First Name:

Last Name:

Place and Date of Birth:

Degree Program:

Current Year of Study:

Preferred Host Institution (please select one):

- ☐ AMD Akademie Mode & Design – Germany
☐ ESMOD – France

By submitting this application, I hereby declare that I have read and understood the information provided above and confirm my willingness to participate in the selection process, which includes:

1. Written test in the language of the chosen institution
1. Oral test in the same language
2. Submission of a motivational letter

3. Submission of a digital portfolio (max 5 MB)
4. Academic transcript
5. Identity document
6. Certificate of enrollment

Applicants will be informed in due course whether their application has been accepted, along with details regarding the assigned semester (first or second semester).
